SUBJECT: SIG Meeting on NATO Summit Preparations

SUMMARY OF CONCLUSIONS

The SIG discussed and approved with changes the text of a cable to the USNATO for use in the March 4 Permreps meeting.

Under Secretary Eagleburger emphasized that the SIG should seek to identify issues and not attempt to cover over differences. He noted there was likely to be a wide range of opinion on Summit issues, and said it was the SIG's responsibility to provide the President with clear choices.

Responding to several DOD ideas on how to handle issues at the Summit, Under Secretary Eagleburger requested that DOD prepare a paper incorporating their proposals. He pointed out that the State issues paper was not intended to be exclusive and that participating agencies should not hesitate to submit additional ideas.

ACTION ASSIGNMENTS

1. The SIG established an IG under EUR chairmanship to carry forward the process begun in the SIG. The IG will meet on March 10; papers for the meeting will be circulated on March 8.

2. Defense was asked to submit a paper on how to approach defense issues at the Summit.

3. Defense offered to submit a paper on reciprocity.
